

WELCOME TO OUR HOME!

First of all, I would like to welcome you to our Authentic Greek Steakhouse Restaurant, where you can enjoy the best Meat of your Life ! Our focus is always on finding the best the world has to offer: the best produce, the best wines, the best honey, the best yogurt, and above all, the best Meat and fresh ingredients. We bring for you every week fresh Meat from Greece, Olive Oil from Crete-Island, Sea Salt from Naxos-Island, Honey from the Greek Mountains, Homemade Cheeses from small family farms around Greece and a lot of hand selected products from the Greek forest. With that ethos in mind, we never stop travelling to the edges of Greece to find suppliers that meet our uncompromising standards of quality and uniqueness. Our years of extensive travel and research have been rewarded time and time again, with long-standing relationships and unparalleled foods. When products are of such flawless quality, covering them up with sauces and forceful flavors is exactly what should not be done. Athens Grill prides itself on the clarity of its food, following an edict of perfect simplicity, to preserve each ingredient's distinct flavor and nutritional value. Why interfere with what nature has already mastered?
